

Dear Agoura High School KickAIDS Kids,

On behalf of everyone associated with Grassroot Soccer, Inc., we write to thank you for your contribution to Grassroot Soccer's fight against the spread of HIV/AIDS in Africa. By making the important choice to join the KickAIDS team, you have done a great service to your community and the world by raising awareness about the reality of the global HIV/AIDS epidemic. The money you have raised will enable Grassroot Soccer to arm African children with life saving information about HIV/AIDS transmission and prevention.

As members of the KickAIDS Team, you have the power to continue to advocate for everyone infected and affected by HIV/AIDS in the world. Remember that while the HIV/AIDS epidemic is devastating and desperate, this disease is entirely preventable and treatable. Your efforts are helping Grassroot Soccer replace fear and death with renewed hope and life. We hope you will to continue to transform your own passion and dedication into the inspiration and action of your peers and community. Our generation is the future; we can make the difference.

Again, we offer our sincere gratitude to you for joining the KickAIDS/Grassroot Soccer Team, and we look forward to working with you again in the future.

Yours Faithfully,

Ethan Zohn
Executive Director, KickAIDS
Co-Founder, Grassroot Soccer

Nick Colacchio
Program Director, KickAIDS
Africa Teaching Fellow, Grassroot Soccer
